

# ROTA-LOO

## BIO-STIMULANT

The 100% organic Bio-Stimulant that is totally safe for the environment

The Rota-Loo Bio-Stimulant relies on naturally present bacteria in the Rota-Loo system to:

- Control odour
- Increase and sustain a higher metabolic rate of aerobic bacteria, therefore increasing the compost rate
- Eliminate toxins
- Reduce potential breeding ground for flies and other pathogen carrying insects

**1 Litre**

## ROTA-LOO BIO-STIMULANT

Rota-Loo Bio-Stimulant is a special extract of selected plant materials and is totally organic, biodegradable, user and environmentally safe, non-toxic, non-flammable and non-corrosive.
